

Hello, my name is Angeline Craig and it's my honour to run for council member representing WMLFN.

My grandmother was Pearl Goodtrack from the Wood Mountain Reserve and my mother is Katie Soo Goodtrack who lived on the Wood Mountain Reserve for the first seven years of her life. She lives in Moose Jaw with my dad Art Steffl. I have four siblings: Les, Monica Kurt and Don. Many nieces and nephews but two belong to the WMLFN: Eric and Natalie Steffl.

I grew up in Moose Jaw, completed high school there and in Regina completed the Psychiatric Nursing Program. I worked for close to 40 years in Regina as a Registered Psychiatric Nurse. I started my career in Long Term Care, then at the Psychiatric Unit, R.G.H. as a Unit nurse. I developed the group programs within the Day Program, working there for many years. I moved to the Regina Mental Health Clinic and worked as a Community Mental Health Nurse until I retired. My caseload included work with homeless men, Seniors, Addictions, and the Injection Clinic. There were many Boards I was part of through the years like: The Canadian Mental Health Association, Regina Branch; Executive Board with the Registered Psychiatric Nurses Association; Chairperson of the Saskatchewan Parks and Recreation yearly Conference; the Regina Senior Citizens Board Member; and currently on the Board for the Downtown Community Association, Regina. I am involved in volunteer activities such as the Regina Floral Conservatory; The Government House Teas; The Annual Harvest Tea at the Senior Centre. I play golf on occasion, volunteer at church and am part of the choir; play pool and train at Heavy Gym through the week.

Bob Craig and I have been married for over 50 years and live in Regina.

As a council member, I promise to embody transparency, openness, respect, and authenticity in my duties. I promise to listen to and explore all concerns and ideas to create achievable goals that's in the best interest of the band and reserve. I believe we must always envision our future and work to enhance and develop it through collaborative endeavors and partnerships with our neighbours and government. We must work to grow our people socially and economically. I also believe it's important to share our culture with pride, both within our community and beyond, to ensure our people have a strong voice in important matters affecting our band.

Please consider this my nomination letter to run for council.
